Ancestors but not Descendants

Here I was left out of all the marching
organizations for various reasons, and
no one who as a family could rig a hay-
rack and invite me to go along. The
Baker-Whites had a family party due
this week and have decided to merge
with the campus picnic and let the boys
ride the horses, so I sat lonesome and
thought of the half-dozen jolly boys of
my early days who went to war and
never came back to ask me, perhaps, to
"hitch teams" for Andover service (and
there were some outside too). Well, I
have had an ideal mate all the seventy
odd years who sits at my elbow and
combines the best traits and virtues of
all the men I ever knew, and he approves
of this scheme I lay before you—Mr. C.
H. Abbott.

He says to march along at the rear
after the fire horses; you can drop out
and retire without upsetting any other
arrangement. Let all young and old
single women all join in; some will be
later chosen, of course, as Andover had
many instances of even fifth wives you
see, so this march with Mr. and Mrs.
C. H. Abbott need not label them.
Come on, girls! March a little way
through the square at any rate, so to be
in it. If we are not too closely watched
we may lag on behind the hook and
ladder wagon for rest. Anyway, come
on and show our laddies who are going
to be the reserve to decorate their last
resting-places in the years to come,
as long as the Andover spinner is at
the front in all good works. The Ger-
mans it was who gave us the happy
name of cradle aunt. So, if some
motherless Boy Scout wants to escort
us and will volunteer, we will march
after him. I for one would prefer a
middy boy to an army man, as I had
more marines, pirates and privateers in
all the colonial wars than landsmen
(though I have Indian fighters and
colonels and such to brag about), but I
had rather wait and join a war society
that takes in the whole world of loyal
Americans. Let's start a chapter here
in Andover of "Spinster Aid" to the
Andover Loyal League.

If you dare come, wear a little flag in
your headgear, and I will try and fetch
a basket of white pine sprigs, emblem
of loyalty, for each. Go as far as you
can safely, but fall out any time and take
it easy.

Surprised Their Many Friends

The following item was taken from a
Stoneham paper and will be of interest
to Andover readers:—

"Mr. and Mrs. Newton Jaquith of
Reading road, Andover, formerly of this
town, issued announcements last Friday
of the marriage on July 18th of their
daughter, Mildred, to Arthur Leslie
Gray of Reading. The news had been
kept as a secret from all except intimate
friends. Their plans for a permanent
home are not fully perfected.

"Congratulations are the order of the
day with them and being a most popu-
lar couple they are busy answering them."

Baptist Church Notes

All activities will be resumed the
coming week. Detailed notices will be
given at the church services.

Pastor Prescott had a most enjoyable
and recreative vacation. Two weeks
were spent on a farm in New Hamp-
shire, ten days beside the beautiful Lake
Winnepesaukee, and a week in the Cats-
kill Mountains in New York.

The Baptist church entertains on
October 8 the Merrimack River Baptist
Association. It is expected that Gov-
ernor Carl Milliken of Maine, a promi-
nent Baptist layman, will be the chief
speaker in the evening. A very strong
program is arranged.

Essex Crows and Cackles

1. Produce infertile eggs. Now that
the breeding season is over all male birds
should be removed from pens. In most
cases it will be found advisable to market
the males, but if there are some extra
good ones to be saved over, they should
be kept in separate runs from the hens.
You will find the above practice good
insurance against so-called "rotten
eggs" or eggs that have started to in-
cubate. Setting hens or hot summer
days will not start infertile eggs to in-
cubate. "Swat the Rooster."

2. Red Mites suck the blood of the
birds at night and hide themselves in the
cracks and dark places in the house dur-
ing the day. The mites multiply very
rapidly and if not controlled will seri-
ously drain the vitality of your stock.
The cheapest and best method of control
is to spray roosts, dropping-boards,
and nests with crude petroleum or a
mixture of three parts kerosene and a
part crude carbolic acid.

3. Mix your growing mash for
chickens. Keep it before them all the
time in self-feeding hoppers from three
weeks to maturity.

ESSEX CO. GROWING MASH

200 lbs. Bran

300 lbs. Cornmeal

100 lbs. Middlings

100 lbs. Fine Beef Scrap (high grade)

50 lbs. Bone meal

4. Stop crowding and get your
chickens on the roosts. Avoid those
crooked breastbones and backs in
pullets this year by getting chickens to
roost before they start to crowd badly.
A few roosts 12 inches to 18 inches from
the floor placed in the growing house,
will allow a part of the chicks to roost
and stop their crowding. Place the
roosts in the house as soon as the chickens
are feathered out and remove the
brooder.

Family Finished Washing

Beginning Monday, July 28, we will install the new method of Family Finished Washing

There is no reason why the women of Andover and vicinity cannot have the same advantages as the women of Boston, Malden, Winchester, and other cities, where there is an up-to-date laundry.

THE COMPLETE BASKETFUL WASHED,
STARCHED AND IRONED

to be charged at the rate of 7 cents per lb. plus one cent each. This includes washing and starching of pieces requiring it and the ironing of the flat work.

On the wearing apparel we will charge only for the actual time required to iron same with our new electric irons, at the rate of 45 cents per hour.

A fair amount of flat work is necessary to obtain these rates. If this is not sent, an extra charge of 10 cents per hour will be added to ironing of wearing apparel.

No starched shirts, collars, cuffs, lace curtains or woolen blankets allowed on this list. These we do only at regular list prices.

NO CHARGE LESS THAN \$1.50

Washing must be sent in basket or wooden box to insure against mistakes as this kind of work is washed by itself and not marked in. This family finished gives us a chance to give individual attention to every basket and makes a desirable substitute for the wet wash, with but little added expense.

All other lines continued the same.

Sunday Movies

I have been requested by several persons to write upon this topic an article for the Townsman. I hesitate to become a partisan on this public question upon which perfectly agreeable people may disagree; but the public welfare I feel sure does not require Sunday movies, and I undertake to add a few words to what has been so well said by others. A former Andover citizen now in Lawrence said, "If you value your town life don't for anything let in the Sunday movies." Indeed it seems not at all necessary to lower our standard of Sunday observance to that of Lawrence.

The people of this town who are striving most to train our boys and girls to the best ideals of character and citizenship will be hindered and heavily burdened if the movie entertainments are added to the Sunday diversions. There are already too many distractions from the sober and quiet occupations of the day.

The Townsman displays at its headline a quotation from Phillips Brooks setting forth the word "sober" as essentially a quality of our town, and that quality would not be enhanced by public entertainments on Sunday such as the movies provide.

Frivolity and roistering are inevitable accompaniments of commercial movies and the sober people of Andover will wisely keep off the Sunday movies as long as possible. Of course, being a democracy, we shall have to take what the people give, even though it may degrade us; but for one I am grateful for the sober, conservative quality of our selectmen, who will resist these business interests that are endeavoring to make more business on Sundays.

People who do not use the day for religious purposes and who indulge in secular pastimes are sometimes honest enough and generous enough to advocate the freedom of others to do as they may desire; but to recommend general public indulgence in amusements is making a bad matter worse.

Our American spirit is restless enough and irreverent enough; so that we need a time of vacancy provided by public law for the people to "stop, look and listen"; for God is not moving always noisily, and a quiet, sober day when ordinary occupations are prohibited is one of our best conservators of manhood and sobriety. Somebody will always be willing to fill up such a vacant day with business or fun, but with no more judgment than Mark Twain's bluejays who tried to fill up the hole in the chimney-top. Most futile of all measures it would be, to try to stop games of craps and other lawlessness by opening the gates still wider for Sunday indulgences.

It is always difficult to draw the line that makes artificial distinctions; but in this case there are more inconsistencies involved when our line permits Sunday movies than when it shuts them out.

E. VICTOR BIGELOW

Cole Reunion

The Cole Family Association gathered at the Old Homestead in West Buxford on Labor Day for their annual meeting. About eighty members were present, an unusual number of babies being in evidence, indicating that the family name is in no imminent danger of extinction.

The different races for the children and the running races for boys and girls of all ages were entered into with unusual enthusiasm, and the baseball game was very exciting.

Since the last meeting the president, Arthur E. Cole, and the secretary, Jefferson K. Cole, have passed on. Their places were filled by William Kimball Cole of West Buxford and Mrs. Margaret Wagland of Methuen.

A Historical Note

I wonder if those interested in the history of the town know what a fine collection of material is growing up at the library of Phillips Academy, under charge of the curator, Mr. Moorehead, and others. I have not yet had time to consult it, but I think you would be rewarded for a journey to the archaeological collection and to the library of notes of any kind on Andover subjects. And if you are so disposed, I think it would be a good place to deposit literature that is not simply rare editions which the Historical Society no doubt expect to handle; but for useful material not too precious to be handled by the general public I feel convinced we have here in Andover a safe place to store and a convenient place to get at material we need for every-day reference. It will be years before our public library will be equipped for historical work, as is the Haverhill collection, as that is well endowed; but it is hard to get over there now the trolley lines are so obstinate. Lawrence is poor also in historical matter for Essex towns. The more we study the geological and historical notes we have at hand in our two good libraries, the more interest for new endowment will be brought out, for it is from private sources and not through taxes that the reference rooms are fitted up for work. And in the near future, I can imagine we will have young memories gifted for the kind of work I have been doing in my old age.

Mr. Carpenter has gone and the rest of us will soon follow, and this work must not halt, because we must depend on the saving traditions of the last three generations of the native born for what will be exacted some time in the future. Go on collecting and storing, without fear of the Hun who destroyed so much that was the world's estate in his fury, for due time we are to be the ancients.

"Hillside" a Social Center

"Hillside" the clubhouse of the Smith & Dove Mfg. Co., was the scene of a very pleasant social gathering Thursday evening, Aug. 21, when about forty of the young women employees of the company with their friends enjoyed an evening of dancing. Miss Johnson, the new manager, was assisted in entertaining the guests by Miss Anna Holt of the general office.

The clubhouse has for its head this year Miss Harriet T. Johnson, who has been an active social worker in Boston. She was for ten years connected with Welcome House, an industrial home for girls, serving in the capacity of domestic science teacher and superintendent. Previous to coming to Andover she was head of the Girls' Club Association of Malden for two years.

It is the wish of the management that "Hillside" become the center of the social activities of their employees and Miss Johnson is already planning a series of entertainments for the winter.

While the club is operated primarily for the employees of Smith & Dove, it is nevertheless hoped that any of the young women and young men of Andover, wherever employed, will look upon the club as a Community Club, and feel free to come there at any time.

Soda Tax Still On

Newspaper headlines indicating that the tax on soda waters and ice cream has been repealed have created an erroneous impression among many of the dealers who, it seems, did not read further to learn that the headlines concerned only the action taken by the House of Representatives and did not change the law which is still in force.

Internal revenue agents from the office of Collector John F. Malley, in their present state-wide campaign to collect this so-called luxury tax, find that many, governed by such headlines, assume that the tax has been discontinued. This is not so as Congress has taken no such action. Abolition of the tax is contemplated, but until final action is taken the tax will have to be paid and those who fail to comply with the law will find that they are subject to severe penalties.

Legion Represented in Service Men's Bureau

The American Legion has elected Thomas J. Marley as its representative to aid the Bureau for Returning Soldiers and Sailors on Boston Common in its efforts in securing employment for ex-service men. Through the agency of the bureau the Legion hopes to place members from posts located within Greater Boston. Lieut. H. H. Cuppy of the bureau staff has been elected employment officer for the William E. Carter Post.

Capt. H. D. Learnard, manager of the bureau, has issued a statement in which he says that many of the men now reporting to him daily are in desperate circumstances. Many of them have been out of the service for a number of weeks. They received the \$60 bonus from the Government, but clothes had to be purchased as well as other necessities, leaving a very small balance to tide them over. The State has not yet paid the \$100 bonus it granted to each service man.

Capt. Higgins In This Country

Mr. and Mrs. William H. Higgins received word Tuesday night of the safe arrival at New York of their son, Capt. William B. Higgins, formerly of Battery C, Lawrence. Captain Higgins arrived on the Arizona and went immediately to Washington, D. C., but hopes to secure a leave in a few days.

Captain Higgins left Lawrence with Battery C, 102nd F. A., as first lieutenant, and went overseas in September of the same year with the 26th Division, and in 1918 was detached and appointed radio officer with General Lassiter's 51st Brigade staff. Later he became intelligence artillery officer with Brig. Gen. Altman's staff and his excellent work was commended by Brig. Gen. Churchill, head of the Intelligence Department of the U. S. Army.

He was promoted to captain August 7, 1918. Captain Higgins, who is a graduate of Phillips Academy, joined Battery C as a private December 15, 1915, and was made corporal while on the way to the Mexican Border in 1916. He was selected as one of the non-coms to take the preferential examinations for officers at West Point and passed successfully. He decided, however, to remain with Battery C and was commissioned January, 1917, second lieutenant, and in July was promoted to first lieutenant.

South Church Notes

The minister has returned from his August vacation refreshed and ready for the fall work. In response to the request of the committee on the Welcome Home, a special emphasis will be placed upon the morning service when all of the returned enlisted men are expected to be with their families in their accustomed pews. A double quartet will supply music and the minister will speak upon the theme, "The Industrial Trusts of the World War."

The chorus choir will resume its work within a few weeks; but next Sunday a selected double quartet will sing.

Those who braved the deluge of Wednesday evening enjoyed the remarkable singing of the Creole girls from Straight College, New Orleans. This is one of the most effective schools in the South, preparing teachers for the public schools of the region, and is one of our American Missionary Association schools of the Congregational church.

Too Much Appetite

may be as dangerous as too little
When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. It is a wise thing to take

Miscellaneous Shower

A very pretty miscellaneous shower was given Miss Pearl Brown of Florence street last evening by her sister, Mrs. William Sparks, in honor of her approaching marriage to James Thomson of North Andover. Besides the immediate family many friends were present and an enjoyable evening was spent by all. Many useful as well as beautiful presents were showered upon the coming bride.

During the evening refreshments were served and enjoyed by all.

A Postponed Meeting

Members of General William F. Bartlett Relief Corps, No. 127, are notified that because of the national convention next week at Columbus, Ohio, the Essex County Association meeting has been postponed from Wednesday, September 10, to the following Wednesday, September 17. The association will meet in Masonic Hall, Georgetown, with Corps No. 4 as hosts.

BULLETIN! Major Bartlett H. Hayes is to marshal the boys tonight, assisted by Jos. Daly, Wm. Cronin, Geo. Abbott, Norman McLeish, James Welsh, Horace Hale Smith and several others. Boys will gather at the R.C.O.A. hall at 7 p.m. tonight, marching from there to the common.

BOOMING MEMBERSHIP

Andover Post of Legion Recruiting Men Fast Through Enthusiastic Committee

The duty of getting new members for the Andover Post of the American Legion, during the Welcome Home Celebration, rests on the following committee: T. J. O'Sullivan, chairman; Edward Downs and William Cronin.

These men will work with Acting Adjutant Arthur Lewis in carrying the membership over the top this week. The committee is going to make every present member of the Legion sign up four other men on Saturday when all the boys are together.

Readers of the Townsman will be interested in the following vote passed at the last meeting of the Post: "Voted, That there be recorded and spread upon the records of the Andover Post of the American Legion the sincere thanks of the members of the Post for the loyal, efficient services of the Post's first Adjutant, Frederic R. Hulme, whose business has taken him away from Andover; that his resignation be accepted with great regret and with the assurance that the members appreciate fully how much the early success of the Post has depended upon his efforts."

September 7th in Christ Church

Before the regular service on Sunday morning there will be a special service at 10.30 o'clock. This will be the opportunity, for which we have all been waiting, to join together in thanksgiving for the safe return of the soldiers and sailors. Already the memorial service has been held and two gold stars remind us of our loss. In the choir procession, both choirs of the church will take part, and the service flag will be carried to the chancel. The service will remind us of these words:—

ECCO HOMO

Give us a virile Christ for these rough days!
You painters, sculptors, show the warrior bold;
And you who turn mere words to gleaming gold,
Too long your lips have sounded in the praise
Of patience and humility. Our ways
Have parted from the guidance of old;
We need a man of strength with us to hold
The very breath of Death without amaze.
Did He not scourge from temple courts the thieves?
And make the arch-fiend's self again to leave?
And blast the fig-tree that was only leaves?
And still the raging tumult of the sea?
Did He not bear the greatest pain of all,
Silent, upon a cross on Calvary?
—Rex Boudry, in Sunday Times

Storekeepers are requested to keep their lights on tonight between 8 and 10 o'clock.

FOOD SALE TOMORROW

King's Daughters to Sell Good Things to Eat at Brothers Field

The food sale which the King's Daughters of the South Church were to have held in the S. K. Ames butter store is to furnish pleasure for many Andover housewives by being on Saturday at Brothers Field.

The sale will be right on the grounds where everybody in town will have gathered, and all kinds of irresistible good things to eat will be there in abundance. Doughnuts will be the specialty.

Friends of the South church are asked to bring their donations to Miss Jennie Hinchcliff at 3 Highland road, or to Miss Ella Holt at the Cross Coal Company office, before ten o'clock Saturday morning. After that time they may be left at the King's Daughters' table at Brothers Field.

Free Church Notes

Next Sunday will be observed as "Welcome Home" day for the Free Church young men and women who served in the recent war. Patriotic music, the reading of the "War Honor Roll" and an address by the pastor will be included in the exercises of the morning service. The public are invited.

Six members of the Free Church parish are still in war service.

The Church School and the Senior Endeavor society will resume their regular sessions next Sunday.

BULLETIN!

The Banquet is for service men only. The committee wishes every person in Andover could be there, but the hall won't hold them

Try Sight-Seeing at Home

"Do you long to enter the big, somber mysterious forests of the West?" asks Arthur F. Rice in an article entitled, "The Call of the Open," which is published in Boys' Life for August. "Then learn to know and name the trees in the vicinity where you live: to distinguish the hemlock from the spruce, the balsam from the tamarack, the white pine from the yellow pine: to recognize the palm-like foliage of the butternut and black walnut, the straight clean trunk of the ash, the ragged integument of the shagbark hickory, the pendulous boughs of the elm and willow, and the graceful instep of the silver beech. Knowing all these as intimate woodland acquaintances, and being familiar not only with their external characteristics, but also with their internal qualities and values, the sight of a new tree in the forest, the palmetto of the south, the gray birch of the north, or the lodge pole pine of the west, will mean much more to you than it otherwise would."

"There are probably more than one hundred wild songsters that nest within walking distance of your home. Study them, learn to call them by name, to recognize their songs and nests and eggs; and when you have done this, you will extract a ten-fold greater enjoyment when the song of the mocking bird first falls upon your ear or your eye catches its first sight of the water ouzel, the snowy owl, or the golden eagle."

"It is the same with flowers and the insects, and the geological formation of the immediate locality in which you live. The boy who knows thoroughly the physical geography, the animal, vegetable and bird life of a New York or a New England farm, is ready for a post graduate course in Florida, Canada, or Montana. Therefore, begin at the beginning, and with microscope, field-glass, camera, or with only your own sharp eyes, start on your little journeys."

BALLARDVALE

George Shaw is spending his vacation
with friends in Dover, Me.

The mid-week services were held in the
local churches at 7.30 o'clock Thursday
evening.

The Ballard Vale Mills Company will
start up again on next Monday morn-
ing, September 8.

Mrs. Belle (Bannister) Rochr of
Providence, R. I., is the guest of Mr.
and Mrs. Thomas E. Stott, River street.

All the committees are working hard
to make the Welcome Home celebra-
tion a worthy tribute to Andover boys
who did their part so nobly in the great
world war.

Rev. A. H. Fuller expects to be home
next Sunday and will conduct the com-
munion service which should be ob-
served at this time unless it is deemed
best to postpone it. Mrs. Fuller has
been removed to the convalescent hospi-
tal in Salem where she can have rest and
proper treatment. Dr. Stanley says she
has suffered a nervous breakdown and
needs special treatment in order to re-
cover good health.

Plans are being made for a special
Christian Endeavor service Sunday
evening at 6.30, at the Union Congrega-
tional church, when it is hoped to
have short talks on army experiences
by a number of the former members of
the society who were in different
branches of the service. The arrange-
ments are in charge of the president,
Miss Hazel Buck. A cordial invitation
to be present is extended to all the
friends. Mr. Hamilton, who is to give
the address in the morning, will give
interesting incidents of some Christian
Endeavor workers at the front.

Mrs. William Shaw's Sunday School
class of boys has been appointed an
honor guard for the service flag of the
Union Congregational church in the
parade Saturday. Gardner Shaw will
be color-bearer, carrying the United
States flag, followed by Clyde Mears,
who had two brothers in the service,
carrying the service flag, assisted by
Melvin and Charles Haynes, Robert
Henderson, Gus Moody and Richard
Wrigley. All the members of the Sun-
day School, the Christian Endeavor

society and the church, who are not par-
ticipating in other parts of the parade,
are requested to follow the service flag.
It is suggested that, if possible, each
carry an American flag. They will be
a part of the Third Division, which
assembles on Summer street, with head
at Elm.

The Union Congregational church
plans to carry out the suggestion of the
Andover Welcome Home Celebration
committee, and has arranged a special
program for next Sunday morning.
Personal invitations have been sent to
all the members of the congregation
who were in the service of their country,
and to their families. It is hoped that
the pastor, Rev. A. H. Fuller, who is
detained at his summer home on account
of the illness of his wife, will be at home
to conduct the service. The address will
be given by Clarence C. Hamilton of
Boston, who has recently returned from
France where he had charge of the re-
ligious work in a section occupied by
275,000 of our American troops. Mr.
Hamilton is a very interesting speaker,
and will tell of his experiences with
the army abroad. He was formerly field
secretary of the Ohio Christian En-
deavor Union, and is now field repre-
sentative of The Christian Endeavor
World. He will be the guest of Mr. and
Mrs. William Shaw, Andover street. It
is hoped that a large congregation will
be present, as an expression of the honor
in which we hold the men who fought,

EIGHT TEACHERS RESIGN

School Committee Met To Make
All In Readiness For Opening
of Schools Monday

A meeting of the school committee
was held in the Punchard School build-
ing last Tuesday evening and Superin-
tendent Sanborn reported that during
the summer eight teachers had resigned
from the force. One of these was a sub-
stitute teacher, while another asked for
a leave of absence, and only three had
gone because of higher salaries else-
where.

The teachers who leave are Carl S.
Adams, drawing and manual training;
Mrs. John H. Morrill, commercial de-
partment, high school; Miss Pauline
Coppinger, history, Stowe school; Miss
Bernice Abbott, English, Stowe school;
Miss Briggs, fourth and fifth grades,
Bradlee school; Miss E. Mae Chase,
second grade, S. C. Jackson school; Miss
Hallie Simpson, Osgood District school;
Miss Olsen, North District school.

The new teachers appointed are as
follows:—

Carl M. Gahan, supervisor of drawing
and manual training; graduate of Gor-
ham Normal School, special courses at
Columbia University Teachers' School.
Miss Margery Moore, commercial de-
partment high school; graduate of
Salem Normal, practiced teaching one
year; business experience.

Miss Ethel M. Keeney, history, Stowe
school; graduate North Adams, ten
years' experience.

Miss Nancy Hird, English, Stowe
school; graduate Plymouth Normal,
three years' experience.

Miss Pearl M. Comstock, fourth and
fifth grades, Bradlee; Bridgewater Nor-
mal, two years' experience.

Miss Avis Thrasher, second grade,
S. C. Jackson; graduate Wheelock
Training School, three years' experience.

Miss Ervel Orchard, Osgood District
school; graduate Lowell Normal, one
year's experience.

Miss Barbara E. Walker, North Dis-
trict school; graduate Lowell Normal,
one year's experience.

Mrs. Cecilia Derrah and Miss Edith
Johnson of the teaching force, who at-
tended summer school, were each grant-
ed an increase in pay of \$50 per annum.

The financial statement for June, July
and August follows:—

General expenses	\$293.64
Expenses of instruction	3,945.89
Expenses of operation	5,218.51
Maintenance	856.02
Auxiliary agencies	551.26
Miscellaneous	113.61

Total \$10,978.95

The big item in expenses of operation,
includes \$3700 for fuel.

The board discussed at length changes
at the heating plant, including the ex-
tension of the chimney, rearrangement
of the boiler room, building of a coal
pocket, and an appropriation will be
asked for these at the annual town
meeting.

The superintendent reported that
everything was in readiness for the open-
ing of the school next Monday.

or were ready to fight, for the freedom of
the world.

Notes on the Parade

The local Congregational and Metho-
dist churches and Ballard Vale lodge
will march in the Third Division which
forms on Summer street, head at Elm
street, and are requested to report to
Jesse Billington at 9.30 a.m. Saturday.

The Ballard Vale Mills Company will
march in the Fifth Division, which will
form on Bartlett street, and will report
to William H. Jaquith, 2d, at 9.30
o'clock. Flags will be on sale at the
postoffice for actual cost, six cents.

Each one is expected to carry a flag
in the parade.

Ballardvale will turn out its full
quota in the parade. September 5 and
6 will long be known as red-letter days
in the annals of the town. Boys you
have done your part nobly and we all
want you to know that we fully appre-
ciate your service. Our loyal commit-
tee, William McIntyre chairman, has
worked hard and effectively.

The first time Mr. Wilson visited
Europe he traveled on a bicycle and
made the tour on a few hundred dollars.
His last two trips are said to have
directly cost the United States Treasury
two million dollars. It is too bad
bicycles have gone out of style.

ments in this country. He hoped every
boy who served would be present at all
the events of the Welcome Home. Mr.
Cole also spoke a good word for the
Legion and urged every man to join it
now. It meant much to them, and the
success of the Legion depended upon
the same kind of service they had ren-
dered during the war. It is impossible
to get something for nothing, and they
will get out of the Legion just exactly
what they are willing to put into it.

Major Bartlett H. Hayes also spoke
and urged every man to join the Legion.

Dr. C. M. Fuess presented resolutions
of appreciation of the service of Fred-
erick C. Hulme, post adjutant, who has
resigned because of his leaving town.
The resolutions were unanimously
adopted.

Several new members were admitted

Helen M. Lewis of Lowell street has returned to Essex Agricultural School for her last year. The registration for this year shows a large increase both in numbers and interest. The teaching force has been increased, a new short course for high school graduates added, as well as other improvements that add greatly to the efficiency of the school.

The regular meeting of Andover Grange will be held September 9, at Grange Hall. It will be State Officers' Night. The entertainment committee is Gladys and Marion Hill; lunch, Mr. and Mrs. Edward Hardy, Mr. and Mrs. William Flint. This meeting marks the opening of the fall work. Let us make it a rally night.

Crops of 1918 Worth \$11,000,000,000

With the estimated value of the principal farm crops running beyond \$11,000,000,000, the year 1918 ranks as the most prosperous period in the history of American agriculture. Comparing with the previous high record of 1917, the gain in the money return of the chief products of the soil was about \$460,000,000, and corn, wheat, oats, barley and rye alone were worth more than \$6,865,000,000, an increase of \$200,000,000. But reckoned in quantities, the results of the past year make a less noteworthy exhibit, for yields of both corn and oats, as well as certain other of the farm staples, fell short of the 1917 totals, and the cotton crop, although showing some recovery, was again moderate. The combined output of 915,100,000 bushels of wheat, has only once been exceeded—namely, by the billion-bushel harvest of 1915.—Commercial and Financial World.

Anderson 279, Mears 276, Downs 247, Looney 254, Hughes 244.

Calls Tuberculosis Conference

The first conference ever held in this country for the exclusive study of tuberculosis in animals has been called by Dr. Mohler, Chief of the Bureau of Animal Industry, United States Department of Agriculture, to be held in Chicago October 6 to 8, in connection with the National Dairy Show. The conference will be attended by Federal and State officials and veterinarians interested in the control of tuberculosis, and the purpose will be to discuss various phases of the tuberculosis-eradication campaign. Plans will be made to work out uniform methods of conducting the campaign in various States, a feature favored by practically every State sanitary official who is authorized by State law to control and eradicate live-stock diseases. The program, which will include addresses by Federal and State officials, will be announced in the future.

Rev. J. P. Cordero began Tuesday to take his special three weeks' course of study for the rural ministers, which is being held at the Boston University of Technology.

At the regular meeting of Ballardvale lodge held Monday evening it was unanimously voted to accept the invitation of the committee of the Welcome Home celebration and have as many as possible take part in the parade.

At the Methodist church Sunday forenoon at 10.30 o'clock the pastor, Rev. J. P. Cordero, spoke on the topic, "The Christ and Social Reconstruction", and in the evening at 7 o'clock he spoke on the topic, "Pilate the Crawl-fish".

A Tribute to the Boys

No home town ever looked so fair,
As old Andover looks today
To her many brave and sturdy sons,
Who long have been away.

Doing their "bit" on a foreign shore,
Winning great fame and renown,
Honoring the flag which they proudly bore,
A credit to our dear old town.

Our welcome home should be warm and true
To the boys who dared to die,
Fighting as only brave men can do,
On fields where their comrades lie.

On Flanders fields where poppies grow
So brilliant in the summer sun,
A simple cross is there to show
Where our heroes met the Hun.

Alas! we will miss our heroic band
When we meet on our festive day,
We will long to shake the vanished hand
Of the boys who have passed away.

No more will we hear their voices sweet,
Nor look on their faces fair,
We will listen in vain for their merry laugh
Oft heard in Elm Square.

We will cherish the memory of our heroes bold
As a heritage dear to us all,
Like their worthy sires in days of old
They answered their country's call.

I feel as proud as a Roman today
And each day my love stronger grows
For the boys who have honored our dear old town
Where the winding Shawheen flows.

NORTH ANDOVER

Saturday, Aug. 30.—The Salem Girl Scout camp at Cole's pond, Boxford, has been closed after a very successful season. Many girls from the city named have had a happy vacation, fishing, hiking, berrying, boating and bathing being enjoyed by all. There were numerous visitors to the camp from this town. The selectmen have received notification of a public hearing in the city hall, Lawrence, on Friday forenoon, September 12, at 10 o'clock, on the petition of the Lawrence Gas Company to increase the price of gas. The hearing will be conducted by the State Gas and Electric Light Commission.

Tuesday, Sept. 2.—Corporal Herbert T. Wild, son of Mr. and Mrs. Thomas Wild of 17 Stonington street, who served about twenty months in the 38th Infantry, Third Division, U.S.A., during the World War, recently arrived at Norfolk, Va. While abroad for about a year and a half, Corporal Wild was in England, France and Germany and took part in five major engagements. He was mustered out of service at Camp Devens, receiving an honorable discharge. He is now at the home of his parents. Rev. Michael W. Donovan of Denver, Cal., a former resident, who has recently returned from France where he was senior chaplain in the U. S. Army, officiated at the 10.15 o'clock mass in St. Michael's church, Sunday. In an able sermon he spoke very highly of the fine qualities of the American soldier.

Wednesday, Sept. 3.—Mr. and Mrs. Edwin Mosley Moody announce the marriage of their daughter, Dorothy, to Harry William Lane on Saturday, August 23, at Denver, Colo. The bride was a Red Cross nurse in the World War, serving with the Massachusetts Homeopathic Hospital unit in France, and Mr. Lane was a lieutenant in the U. S. Army. The couple will be at home after October 1 at San Marcial, New Mexico, where Mr. Lane has business interests. At the monthly meeting of the North Andover Veteran Firemen's association held Tuesday evening, it was voted to accept an invitation to take part in the muster at the Brockton Fair on Friday, October 3. The officers of the organization, as follows, were chosen as a committee to make arrangements for the same: William H. Somerville, president; James M. Thompson, vice-president; T. J. Healey, recording secretary; James M. Hayes, financial secretary; Herbert J. Watts, treasurer; Capt. William J. Stewart, foreman; Wentworth Lewis, first assistant foreman; James F. Daw, second assistant foreman. It was decided to hold a smoke talk on Saturday evening, September 13. Six applications for membership were received at the meeting. Gus Redman, the popular baseball player, made a strong finish with the Worcester team of the Eastern League, the outfit with which he has been playing all the season. Pittsfield only clinched the title on the last day by defeating Worcester in both games of a double-header. Redman went to the Worcester team as a catcher, but Fred Tyler was having a good season and he was not able to break into the line-up in the early games of the season. Through the injury to another player the North Andover boy played as an outfielder and stayed there. He has been doing excellent work. Gus featured the stirring 21-inning game won by Worcester over New Haven, Sunday, by laying down a pretty but in the twenty-first inning, which scored the winning tally on a perfectly executed squeeze play. He played center field and behind the bat in that contest. As a result of his fine work with the mask and pad, Gus was placed behind the bat in Monday's two games, which were by far the two most important of the whole season from a Worcester standpoint. It was hard place to put a youngster, but Gus came through nicely. Only one stolen base was registered off him in the two games and he had no passed balls. He hit safely twice out of three times and scored two of Worcester's three runs in the first game. He got one hit out of four times up in the second game. Gus played a perfect fielding game, with five put-outs and no assists or errors in the first game and three put-outs with no assists or errors in the second game.

METHUEN

Saturday, Aug. 30.—A miscellaneous shower was tendered Miss Ruth L. Taylor at the home of Miss Grace Christison, Prospect street, Wednesday evening in honor of her approaching marriage to George E. Barlow, who served with the 29th Division overseas. Miss Taylor received many beautiful and useful gifts. Miss Helen Aldana Smith of 58 Lowell street, and William Ingham Castle of Peaslee terrace, were married Thursday afternoon at 2 o'clock in the chapel of Christ church, Andover, by the rector, Rev. C. W. Henry. They were attended by Russell Smith Palmer of Somerville and Miss May Palmer, nephew and niece of the bride. After the ceremony they left on a short wedding trip to New York and on their return will reside at 124 Oakland avenue. They will be at home to friends after November 1.

Tuesday, Sept. 2.—Mary Jambois, aged thirty, and Rose Laffada, aged fourteen, of Thornton avenue, Pleasant Valley, are at the Lawrence General Hospital as the result of injuries received when thrown from their buggy Saturday afternoon when the horse was struck by a nine-month-old baby who was in the buggy

was unhurt. The driver of the auto conveyed them to the hospital. He agreed to report the matter to the police but failed to do so. They were discharged from the hospital Sunday morning. Austin A. Spofford died Sunday at his home, 12 Quincy street. He was a well-known resident of the east part of the city and conducted a dry goods store in Lawrence for a number of years, retiring about six years ago. He was a Mason and Odd Fellow and a member of the Universalist church. Funeral services will be held at the late home on Wednesday afternoon at 3 o'clock. Burial will be at Forest Hill cemetery.

Wednesday, Sept. 3.—James Henry Reynolds, who died at his home, 179 Broadway, Lawrence, Labor Day, was well known in Methuen. His early life was spent here, enlisting in Company B, First Massachusetts Heavy Artillery, at the breaking out of the war, and fought at Gettysburg, Spottsylvania, Cold Harbor and all the way to Petersburg, and was wounded and taken prisoner, his left arm being amputated. He was mustered out February 1, 1865, and returned to Methuen, later going to Lawrence. He was prominent in the work of the Odd Fellows, among whom he was well known. The funeral was held this afternoon from A. H. Libbey's undertaking parlors at 2.30. Rev. T. C. Atchison conducted the services.

Thursday, Sept. 4.—A meeting of the board of registrars was held Wednesday night at 7 o'clock in the basement of the Arlington school in Ward 2, when nineteen new voters were added to the voting lists. The board was in session from 7 till 9 o'clock. The final meeting of the board for registration will be held in the council chamber at the city hall on Saturday, September 13, from noon until 10 o'clock in the evening, which will be the last chance that eligible voters will have to have their names placed on the lists previous to the state primaries which takes place Tuesday, September 23. The total registration so far is about seventy-five voters.

LAWRENCE

Saturday, Aug. 30.—Dr. John J. H. Hilton, a ward physician for several years, has been discharged from service in the medical branch of the army and has returned home to resume practice here. During his absence of several months, during which he served in five different large camps throughout the country, Dr. John J. Maney has been substituting in the wards formerly cared for by Dr. Hilton.

Tuesday, Sept. 2.—Mark Devlin, well-known local athlete, who will leave Tuesday night for Moline, Ill., where he will take up his duties as coach and player of a football team there, was presented Tuesday afternoon with a handsome traveling bag, the gift of a number of his close friends. The presentation was a complete surprise and was made by Michael Kennedy. The recipient responded in a few brief and choice words. Devlin received the offer to go out West some time ago. He is rated as one of the best football players in this locality and is a star first baseman. He played with the South Lawrence A. H. ball team this summer.

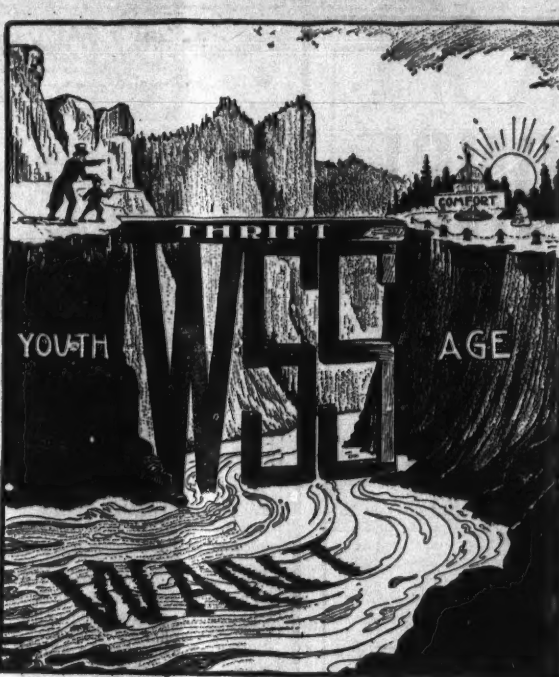

Wednesday, Sept. 3.—Five candidates are in the field for appointment to the office of deputy sheriff of Essex County made vacant by the recent death of Samuel Joy. High Sheriff Samuel Johnson has the appointment and a selection is expected to be made in the near future. The five candidates are Robert Otto, Thomas Quinn, James Radcliffe, John Traynor, and John Tucker.

Thursday, Sept. 4.—Capt. Frank P. Snow, who has been assigned to the Portsmouth Navy Yard, was born in Lawrence and attended the local schools. He graduated from the Lawrence high school, class of 1913, and played on the football team. Upon graduating he entered Norwich University and studied electrical engineering, graduating with the class of 1917. He was commissioned a second lieutenant in the Marines and sent to Paris Island, S. C., for training. Later he was commissioned a first lieutenant and sent to attend the overseas camp at Quantico, Va. In November, 1917, he was assigned to sea duty on the U.S.S. Texas, and served with the fleet in the North Sea. In July, 1918, he was commissioned a captain and following the signing of the armistice he was again assigned to Quantico, Va., later on again being sent to the Texas. The winter of 1918 saw him in Cuba with the Texas and later he was with the ship when it did patrol duty for the United States flyers who were attempting the flight to the Azores. When the fleet returned to this country and were making preparations for their trip to the Pacific Coast, Captain Snow was relieved of sea duty and transferred to the Portsmouth Navy Yard where he is now stationed. He is the son of Frank E. Snow of West street.

Wedding Anniversaries Observed

About twenty-five friends of Mrs. Bernard Allen and Mrs. James Feeney met Wednesday afternoon at the home of Mrs. Charles S. Buchan, and as both ladies are about to celebrate the twenty-fifth anniversary of their marriage, presented each with a piece of silver.

It was also a farewell party for Mrs. Allen, who is about to leave town. Refreshments were served and all present heartily enjoyed the occasion, especially the surprise of the guests of honor, each of whom believed the party was to be in honor of the other.

START HIM RIGHT FINANCIALLY
Thrift and War Savings Stamps Will Help to Give Your Boy the Start He Needs in Life

THE MAN WHO SAVES

He erects a bulwark against sickness or adversity.
He builds a bridge to the better job.
He sets up a ladder to climb in the world.
He takes in hand a tool to grasp opportunity.
He gains control over money and things.
He trains himself for growing responsibility.

Don't make opportunity knock. Have a loud ringing electric bell ready to warn of her slightest touch at your front door. War Savings Stamps invite her touch.

Buy that which will serve more than one sort of occasion or time of year.
Be sure the thing you buy is becoming to you and appropriate to the purpose.

When Ben Franklin Was a Boy

B/ Rene Bach, great-great-grandson of Benjamin Franklin

The price of bread two centuries ago was a penny a loaf. That was two cents, which seems mighty cheap. But one should remember that in those days the purchasing power of money was far greater than now.

Thus it happened that Benjamin Franklin, a boy of seventeen, on arriving in Philadelphia, was able to buy three loaves for three pence; and with them he walked up Market Street from the wharf, holding one under each arm and eating the third. An hour later he gave two of them to a woman and her child who had been fellow-voyagers up the Delaware.

Franklin Generous. In fact, he was often imprudently so. During the period of his early struggles he was frequently in serious financial plight because of lending or giving money to friends poorer than himself.

Where his own expenditures were concerned he was always frugal, saving what he could out of his wages as a printer, while his fellow-workers spent theirs as fast as they got them, or faster. In this way it came about that, while a mere youngster in a printing office, he lent them money every week.

Acted as Banker. Though the earnings of most of them were greater than his, he was the capitalist. By the middle of each week they were penniless and came to him for loans to carry them over until pay day. He would accept no interest, but each Saturday, on getting their money, they gave back to him

what they owed—only to repeat the borrowing three or four days later.

Of course, his hoard was really very small. But he was the "moneyed" man. As such, he stood on a plane above his fellow-workmen not merely in an economic sense, but in the respect he was able to command from his employer and from others. Relatively, he was a person of importance. Nobody who knew him could escape recognition of the fact that here was a young man sure to get ahead in the world.

Men Wanted For Jobs. This is exactly the kind of man that is sought by employers today. They need him in their business, and he never has to look long for a job. In fact, the job seeks him.

The employer of today keeps watchful "tab" on the habits of his employees. His confidence in the man who spends all he gets as fast as he gets it is always qualified. He knows; it is his business to know. On the other hand, the man who saves—who puts part of his earnings away right along—unmistakably has character and ambition. He is marked for promotion.

With this idea in mind, employees are buying War Savings Stamps and Thrift Stamps. It is an easy way to begin, and the plan has been found to work out admirably. The wage-earners form little "societies" for the purpose among themselves, each member contributing so much a week. This obligation for self-help having once been voluntarily assumed, everybody "piles up" regularly in response to the weekly call, and before long their savings acquire real weight.

U. S. WILL DOUBLE WEALTH BY 1934

That in the next 15 years the total wealth of the United States, now approximately \$200,000,000,000 will be doubled, is the prediction made by the officials of the United States Treasury Department, who are now urging people to invest in Thrift and War Savings Stamps so that they may share in this increase of wealth.

Last year over \$18,000,000,000 was produced in this country. This is called by economists "net income." This increase in wealth the Treasury Department states was abnormal, but that we may reasonably estimate that in the next 15 years the new wealth produced will be as great as the present total wealth of the nation.

Learn to save—Money will work for you 24 Hours a Day. THRIFT and WAR SAVINGS STAMPS provide a Safe and Patriotic method. "Get the Habit." Begin today to buy Thrift and War Savings Stamps—They may be the foundation of your Fortune.

BETWEEN REVOLUTIONS
MEXICANS FIND TIME
TO INVEST IN U. S. S.

Laredo, Texas—Down in the land made famous by the roaring bull and revolutions, they are pulling a new one. The Mexicans are investing their money in War Savings Stamps.

Hundreds Buying Stamps.
According to reports, the Mexicans are not purchasing these securities from Uncle Sam because of the beautiful pictures on the stamps, but because they know a good thing when they see it. This became known recently, when a Mexican came into the post office at Laredo, Texas, and purchased \$100 worth of War Savings Stamps. He stated that hundreds of Mexicans are purchasing War Savings Stamps as a means of safely investing their money.

GLASS ISSUES
SHARP NOTICE

Warns Traffickers in War Savings Securities

Because of the numerous reports of dishonest traffic in Treasury Savings Certificates and War Savings Stamps reported to him, Secretary of the Treasury, Carter Glass, has issued a warning to holders and future buyers of these Government securities. In his warning he urges those now holding these certificates to avoid all dealers and redeem these securities only through postoffices. Secretary Glass' warning reads as follows:

To Protect Buyers.
These securities were not intended to be negotiable and for the protection of the owners, in case their necessities required, provision was made for the redemption of War Savings certificates at post offices upon ten days' notice, at a fixed price, representing the original purchase price with an addition for interest. "No obstacles have at any time been placed by the Treasury in the way of redemption of these War Savings Certificates, and it should be generally understood that the owner of a certificate has an absolute right to redeem it in accordance with its terms. Any case of refusal to make such redemption, if brought to the attention of the Treasury, will result in prompt action."

Prevent Payment to Rascals.
The Government needs the money and hopes the holders of War Savings Certificates will retain them, but will place no obstacle in the way of those bona fide holders who request payment. On the other hand, the Secretary will exercise every means within the power of the Treasury, and has asked the co-operation of the Post Office Department, to prevent payment being made to those rascals who are buying the certificates and Stamps for less than their redemption value and promptly turning them in to the Government for redemption at a profit, and serves notice upon those people who are engaged in this disreputable business that this is the settled policy of the Treasury.

CHILDREN CATCH MICE
EARN THRIFT STAMPS

When the cat's away the mice will play—but not at the orphanage at Oxford, N. C. At this thrifty institution the destructive little rodents are being hotly pursued by the children—not only the mice but even the big gray rats find no rest—and as they are caught they are sold for Thrift Stamps.

One Cent For Each Rat.
From Miss Mary G. Shotwell, field director for North Carolina for the War Loan Organization of the Fifth Federal Reserve District, comes the account of what the children at the Oxford Orphanage are doing. These children, she says, do not have a great deal of money, but what they get, Miss Shotwell says, they invest in Thrift Stamps. Recently rats and mice began a spring drive on the barn and the orphanage superintendent offered one cent for each rat brought to his office. The children made a splendid counter attack, catching and killing a number of the pests. Even the girls, forgetting their traditional fear of the furry little beasts, joined joyfully in the chase and a number of Thrift Stamps were bought in consequence.

Summer Contest Started.
Not alone at the Oxford Orphanage has Thrift Stamp enthusiasm developed. Miss Shotwell writes, for the Oxford Girl Scouts have sent a defiant challenge to the Oxford Boy Scouts to beat them in a summer savings contest. The boys are not expected to back down and a spirited race is expected, which, it is believed, will firmly establish the saving habit in more than one future citizen, thus not only benefiting them individually but materially bettering the community.

Decrease Corn Borer Pest

The second generation of the larger cornstalk borer of the South Atlantic States passes the winter only in the corn roots, so if these are destroyed or plowed under deeply, the pest will be largely decreased. The injury is worst where corn follows corn, so rotation of crops will help to destroy the pest.

The Bread that makes Friends and keeps them

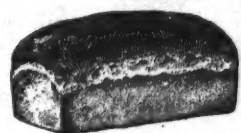

Friend's Milk Bread

There's the biggest part of the story of Friend's Bread in that one word—Milk.

Friend's Bread is Milk Bread—and it's Milk Bread rightly made with the proper ingredients—each with its wholesome qualities—making a palatable, nutritious loaf.

Friend's Bread appeals to the children because it "tastes good" and "hits the right spot." It appeals to Mothers and Fathers because it contains the milk, wheat and fats that build up sturdy boys and girls.

Friend's Bread is Bread for "all the family."

To Welcome You

The little town is clean and green
With sun and dew,
And all the folk wear thankful smiles
To welcome you.

New members for Andover's Post of
the American Legion are coming fast
and there is no doubt but what our
Post, one of the first to be founded, will
also contain a 100 per cent membership
of the town's soldiers and sailors.

The slogan of the Legion, "Not what
we can get from our country, but what
we can do for it," shows that idealism
instead of selfishness is the keynote of
the Legion just as it was the keynote of
its members' service over there.

Don't forget that you can buy some
good doughnuts at the King's Daugh-
ters' food sale at Brothers Field to-
morrow.

And speaking of doughnuts, there will
be a chance tomorrow for some one to
take away the championship of being the
prize doughnut-eater from the "Croix
de Cruller" winner of the A. E. F.

Read the following news item from
the New York Times and marvel that
The Times could be so facetious. Marvel
also that such a person can actually be
living.

"The champion doughnut eater of the
American Expeditionary Forces got
home from France yesterday. He is
William J. Long, 23 years old and six
feet tall, of the 3d Supply Train of the
Third Division. He hails from Providence
and gave his weight as 211
pounds. As evidence of his prowess he
carries the 'Croix de Cruller', a bronze
medal which was presented to him by
the members of the Third and First
Divisions.

"Long won his title on July 4, when
outdistancing all competitors, he ate
249 doughnuts in twenty-four hours.
The contest was held near Coblenz.
Private Long's record was a cruller a
minute for the first hour; for the first
three hours ninety crullers, and then he
ate and rested until he made his record.
The second man in the contest ate 189
and the third 115. His medal is a
doughnut surrounded by a wreath of
laurel and engraved with '249', his
record."

How would you like to live in Buffalo
where you, or Bridget (if you are lucky
enough to have one), can depart at a
moment's notice and bring back a
finely cooked meal?

A mistress of the house can order
meals for her family from a cooked-food
center, and the family machinery will
run as if there had been no interruption.
This Buffalo food center is under the
supervision of the home-demonstration
agent of the United States Department
of Agriculture and the State College of
Agriculture, and the Buffalo Home
Bureau. Complete meals are sent out
from it to be served in the individual
homes. Its patrons have the family life
that centers around the home dining-
room table, with the saving of fuel,
labor, and food costs which come
through large scale operations.

The work in Buffalo started in a small
way, but a few weeks' experience showed
that the equipment was inadequate to
handle the business that immediately
developed. The cooking of meals was
discontinued until alterations could be
made and last June the center was ready
to handle business on a large scale. Two
hundred people came the first day, and
the regular orders for dinners and
luncheons have been continuing to grow.
The menus are prepared under the
supervision of the home-demonstration
agent so that they represent balanced
meals. These menus are distributed to
the patrons one week in advance, and
the orders are returned to the kitchen
several days in advance of the delivery
of the meals. In this way materials may
be ordered when they can be secured at
the lowest possible figure.

Special features of the service include
the Thursday-night dinner, which is in
great demand by those fortunate house-
keepers who have maids to whom they
give a half-holiday Thursdays. Many
housekeepers also order the Sunday
dinner, because it gives them a day free
from preparing meals. Food for the sick
is a feature of the work in which the
physicians are greatly interested. Special
diets for special diseases are recom-
mended by the home-demonstration
agent and this food can be procured at
the cooked-food center on special orders.

And since Andover is becoming a
community that knows how to get to-
gether to celebrate, why not have the
town get together on some such practical
scheme as that carried on in Buffalo?

Congratulations to the boys and girls
who won prizes for having flourishing
gardens this summer!

Mark Drops to 5.3 Cents in Rhine-

In banking circles in Coblenz and in

were sold at the rate of 245 per 100
francs. This was the lowest point
reached by the mark since the armistice
was signed.

part. It will, in fact, not be a complete
success unless every single person is a
part. The parade and the community
luncheon will certainly not be perfect
unless each Andover person gets in line
and marches before those guests of
honor, our soldiers and sailors. And
unless he eats afterwards at the com-
munity picnic on Brothers Field.

Every Citizen Has a Place in Parade

Any citizens who have not identified
themselves with a special organization
have been asked by the Parade Com-
mittee to get in line with the Fifth
Division behind the band. That means
that no one can have the excuse of say-
ing afterwards, "I didn't get asked to
march anywhere special so I didn't
bother to march at all." Just ask your-
self where you belong or where you want
to march, and go to that division.

Speeches and Medals Presented on Common

On the common this evening at eight
o'clock everyone will come together for
the first event. The soldiers and sailors
who are Andover citizens are the guests
of the occasion and to those who have
not yet received Andover medals these
will be presented. Major-General Ed-
wards has disappointed the committee
and will not be the speaker tonight. He
will be present at the banquet Saturday
evening. Colonel Logan will be the dis-
tinguished speaker and guest of this
evening.

A Booming Welcome Tomorrow Morning

A booming, banging welcome will be
given Saturday morning when the day
is to be ushered in by noise and glad bell-
ringing. There will be no doubt of
Andover's appreciation of the work of
her soldiers and sailors when these two
days' events are over.

In Case of Rain

In case of rain all food supplies which
were to have been sold tomorrow on
Brothers Field will be sold at cost at the
following stores: Lowe's, Lindsay &

Sunday's Services to Be a Beautiful Ending

Sunday's services will make a beauti-
ful ending to the Welcome Home by
giving special thanksgiving and praise
that so many of the men came home to
serve in days of peace.

And throughout these days of cele-
brating will be in the hearts of everyone
deepest sympathy for those whose dear
ones did not come home from the Field
of Honor.

WHY REYNOLDS SHINGLES ARE THE BEST:

Reynolds shingles were the first asphalt shingles made.

They have had more years actual roof-test service than any other
asphalt shingle.

They have been on roofs for eighteen years and are still found to be
in good condition.

They are surfaced with granulated rock, slate, etc., and the natural
colors are retained — reds, greens and gray — non-fading, beau-
tiful.

Reynolds shingles are guaranteed. They will not split, rust,
curl, leak nor blow off.

Economical to buy, economical to lay, no repairs or painting
required.

Reynolds shingles possess the three cardinal shingle virtues —
Beauty, Durability and Economy.

The mineral surfacing acts as a fire-preventive, making an insula-
tion against flying sparks and brands. These shingles have been
tested in the insurance underwriters laboratories and have been
officially approved as fire-retardants.

Do not be misled into thinking all Asphalt shingles are alike—They
are not. There are as many grades of Asphalt shingles as there
are names. Reynolds shingles are the improved, approved, and
proven best to use.
